AirPrint vs. ePrint

- AirPrint Available for iOS7 Devices
- AirPrint Available in HP & Epson Printers
- No Configuration Required
- Only Local Printing Capable

- ePrint available for ALL Tablets and devices
- Print from ANYWHERE
- Must be configured through HP's Website
- Works like an email attachment

The Tablet That Can Replace Your Laptop

Microsoft Windows Tablets

- All the entertainment features of a tablet
  - Use apps, watch movies, play music, play games

How does a Windows Tablet differ from other tablets

- Capable of running full version Windows operating system
- Use programs your already familiar with in their full versions. I.e. Word, Excel, PowerPoint, QuickBooks, etc…
- Able to save files internally or to an external device
